# COMMERCIAL DISHWASHER

# SSS-1000

The Sharpline SSS-1000 is a fully automatic dishwasher, washing up to 1000 plates per hour.

## Features of the SSS-1000 include:

Four wash programs – 60, 80, or 120 seconds that include a 10 second rinse. There is also a manual wash cycle that is ideal for washing utensils.

A large door opening enables the machine to wash large plates.

Counter balanced spring-loaded hood, which makes the machine easy to open and close.

A safety switch instantly stops the machine if accidentally opened.

Rinse temperature thermostatically controlled to 82°C.

The two-pump system ensures constant pressure during the wash and rinse cycles, regardless of mains water pressure.

Water consumption is approximately four litres per cycle.

The SSS-1000 can be easily installed in a pass-through or corner operation.

Electrical rating: Total load 9.6 kW.  
Line 1: 14 amps. Line 2: 12.6 amps. Line 3: 12.6 amps.
